The above well is being posted on January 7-2015 for a violation of West Virginia Code 22-6-2 and/or 35 CSR Series 4, Section 7.7.b, a Legislative rule of the Office of Oil and Gas of the Department of Environmental Protection, set forth in detail as follows:

The mechanical integrity of a liquid injection or waste disposal well must be demonstrated to the approval of the Chief again within five (5) years from the last test date in order for injection to continue.

The mechanical integrity test previously conducted expired 15 December 2009.

To abate the violation you must:

The owner or operator of the facility shall stop injection operations and conduct a Mechanical Integrity test and submit an approved WR-37 to the Office of Oil and Gas or plug the well.

A copy of this notice has been posted at the well site and sent by certified or registered mail to the person or Designated Agent named above.

You are hereby granted until 7, to abate this violation.

Failure to abate the violation by that date will result in bond forfeiture and may result in assessment of civil penalties, filing of misdemeanor charges and/or an action for injunctive relief.

An informal conference with the Oil and Gas inspector should be arranged prior to the date set forth above for abatement of the violation.

If you wish to contest this violation, refer to procedures outlined in West Virginia Code 22-6-4.
